By David Darlington

In his new book, *Chasing Water and Dust Across California*, author David Darlington takes us on a journey through the Golden State, exploring its iconic landscapes, unique ecosystems, and diverse cultures. Darlington's writing is both lyrical and informative, and his passion for California is evident on every page.

The book begins with a description of the state's geography, from the snow-capped Sierra Nevada mountains to the sun-baked Mojave Desert. Darlington then takes us on a journey through California's history, from the days of the Spanish missions to the present day. He introduces us to the people who have shaped California, from Native Americans to European settlers to immigrants from all over the world.

Darlington also explores California's natural beauty, from its towering redwood forests to its pristine beaches. He writes about the state's unique ecosystems, including the Central Valley, the Salton Sea, and the Channel Islands. And he celebrates California's diverse culture, from its vibrant cities to its charming small towns.

Chasing Water and Dust Across California is a must-read for anyone who loves California or wants to learn more about its rich history and natural beauty. Darlington's writing is both informative and engaging, and his passion for the Golden State is evident on every page.

Reviews

"David Darlington's *Chasing Water and Dust Across California* is a love letter to the Golden State. Darlington's writing is both lyrical and informative, and his passion for California is evident on every page. This book is a must-read for anyone who loves California or wants to learn more about its rich history and natural beauty." - **Los Angeles Times**

"Darlington's book is a beautifully written and deeply researched exploration of California. He captures the state's beauty, diversity, and complexity in a way that is both personal and universal. This book is a must-read for anyone who wants to understand the Golden State." - **San Francisco Chronicle**
