This is what happened to Kelly Thompson. In 2007, she was a 22-year-old college student with a bright future ahead of her. But one night, everything changed when she was hit by a drunk driver. Her injuries were severe, and she was left in a coma for months.

When Kelly finally woke up, she had to learn to walk, talk, and eat again. She also had to deal with the emotional trauma of what she had been through. She was angry, confused, and lost.

But Kelly was determined to rebuild her life. She went back to school and graduated with honors. She started a new career and found love again.

But even though Kelly had moved on with her life, she couldn't forget what had happened to her. She couldn't forgive the drunk driver who had caused her so much pain.

One day, Kelly decided to write a letter to the driver. She didn't know if he would ever read it, but she needed to get her feelings out. In the letter, Kelly told the driver about the pain and suffering he had caused her. She also told him about her journey of healing and forgiveness.

To Kelly's surprise, the driver wrote back. He apologized for what he had done and said that he was haunted by what he had caused. He also said that he was inspired by Kelly's story and wanted to make amends.

Kelly and the driver met in person and talked for hours. They both shared their stories and their pain. By the end of the meeting, they had both forgiven each other.

Kelly's story is a powerful reminder of the power of forgiveness. Even in the face of unimaginable tragedy, it is possible to find healing and redemption.

Eight Seconds of Grace is a must-read for anyone who has ever experienced loss, trauma, or forgiveness.

This book will inspire you to believe that anything is possible and that even in the darkest of times, there is always hope.
