The book begins by defining white animus and explaining how it manifests itself in different forms. It then provides a historical overview of white animus toward Latinos, from the Spanish conquest of the Americas to the present day. The book also examines contemporary evidence of white animus toward Latinos, such as hate crimes, discrimination, and racial profiling.

The book concludes by discussing the consequences of white animus toward Latinos. It argues that this racism has created a system of racial

inequality that benefits whites at the expense of Latinos. The book also provides recommendations for how to combat white animus and create a more just and equitable society.

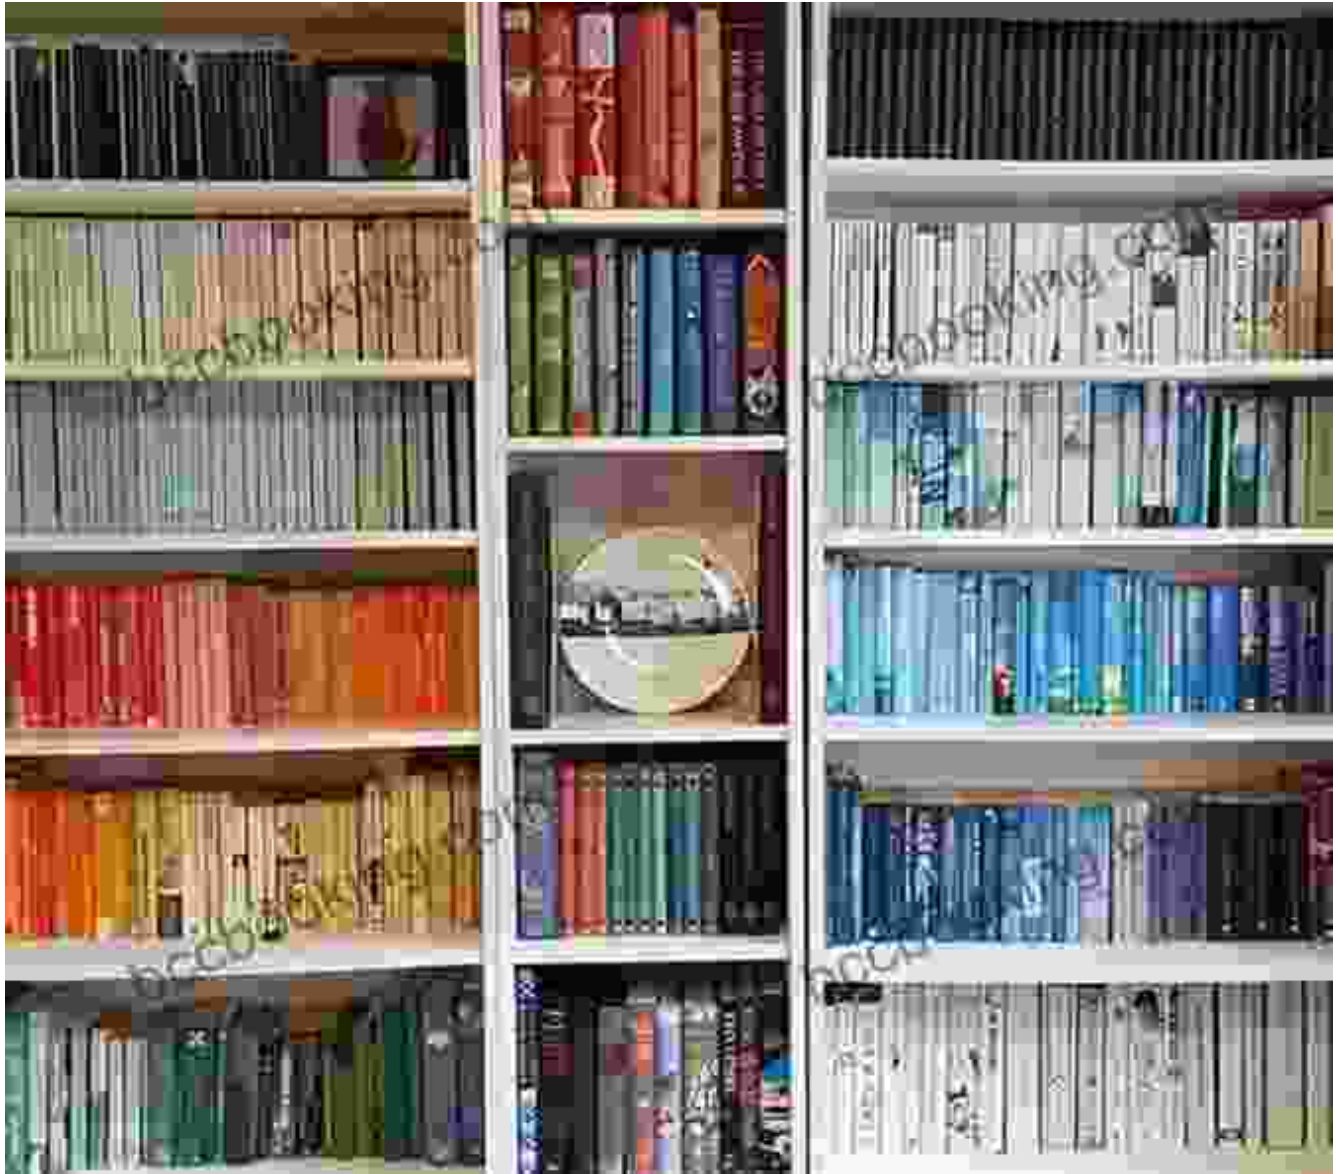

Reviews

"This book is a must-read for anyone who wants to understand racism in the United States. It provides a comprehensive analysis of white animus toward Latinos and offers important insights into how to combat this racism." - Professor Edward J. Blum, University of San Diego

"This book is a powerful indictment of white racism in the United States. It is a must-read for anyone who wants to understand the history of racism in this country and its continuing legacy today." - Professor George J. Sanchez, University of Southern California
