In his memoir, *My First Life*, Satya Nadella tells the story of his journey from his childhood in India to his rise to the top of one of the world's most successful companies. It is a story of hard work, determination, and the importance of always learning and growing.

Nadella was born in Hyderabad, India, in 1967. His father was a civil servant, and his mother was a lecturer in Sanskrit. Nadella grew up in a middle-class family, and he attended a local public school. From a young age, Nadella was fascinated by technology. He loved taking things apart and putting them back together, and he was always interested in how things worked.

When Nadella was 18 years old, he moved to the United States to attend college. He studied computer science at the University of Wisconsin-Milwaukee, and he graduated with honors in 1990. After college, Nadella worked for a number of technology companies, including Sun Microsystems and Microsoft.

In 2014, Nadella was named the CEO of Microsoft. He was only the third person to hold the position, after Bill Gates and Steve Ballmer. Since becoming CEO, Nadella has led Microsoft through a period of significant change. He has overseen the company's transition to the cloud, and he has made artificial intelligence a top priority.

Nadella's story is an inspiring one. It is a story of hard work, determination, and the importance of always learning and growing. *My First Life* is a must-read for anyone who is interested in technology, business, or leadership.
